

ENRICHING THE CLIENT EXPERIENCE WITH FIS' WEALTH AND RETIREMENT MOBILE APP

In an industry being reshaped by technology and the increasingly empowered consumer, the **FIS Wealth and Retirement Mobile App** enables your institution to provide consumers with access to their account information anytime, anywhere on their smartphone.

The mobile app provides the functionality your customers desire and need to conveniently track portfolio values 24 hours a day. With a simple interface through optimized navigation, the customer has quick and easy access to information.

Simple navigation

The mobile app enables your clients to view account information anytime, anywhere, including:

- Displays based on an individual account or aggregated group of accounts
- Snapshot of their accounts
- Easy to understand year-to-date activity
- Detailed information on a specific position or transaction

Reinforce your brand

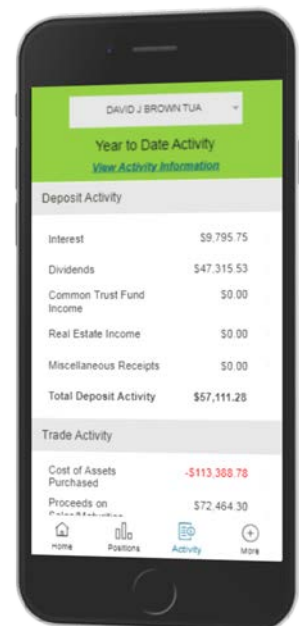

Providing your clients and prospects with a visually consistent, clear experience is important to build and strengthen your trusted relationships. To help reinforce your brand, the mobile app can be white-labeled to reflect institution-level branding, including your logo, and brand and color scheme. You can also include a mobile-specific client agreement.
